

Annual Report 2009-2010

We live in a remarkable community where people reach out and lend a hand to neighbors in times of crisis.

In 2010, gifts of time, money and material goods from across our community were greatly appreciated and genuinely impactful for the families who came to Crisis Assistance Ministry for help when they had nowhere else to turn.

Donors brought lights and heat back to thousands of homes where they had been lost and kept families from losing their homes entirely. They helped families find clothing and household items, and kept children from sleeping on the floor after fleeing domestic violence or after leaving a homeless shelter.

Most importantly, the generosity of our community ensured families were treated with dignity in what may seem like their darkest hour.

Please click below to find more detailed information about the services provided to our neighbors in need throughout 2010, as well as a few stories we hope will help demonstrate the true impact of your support.
